What is the Mind Sports Olympiad? Now in its tenth year the Mind Sports Olympiad offers a wonderful opportunity for competing in "thinking" games. Since the first Olympiad in London in 1997 there has been a movement created which is spreading worldwide. Since 1997 Mind Sports Olympiads have been held in Czech Republic, Italy, Japan, Korea, Singapore and most recently in Australia.

How is the competition within the Olympiad organised? There are different competitions to cater for each game and skill. The format for most tournaments will be the Swiss system, in which all of the contestants play in every round. None of the contests is a knock-out tournament. (Exception: some Backgammon Tournaments operate a system of knock-out).

What are the prizes? As well as the Olympiad and/or World titles to go with each event there are gold, silver and bronze awards to be presented to the winners and top juniors in most events.
 A junior is a player aged under 19 years on August 26th 2006.

The Olympiad is run by M S O Limited. Company Number 4712990.
